

AMENDED IN ASSEMBLY JULY 7, 2011

AMENDED IN ASSEMBLY JUNE 13, 2011

SENATE BILL

No. 739

Introduced by Senator Lowenthal
(Coauthor: Assembly Member Furutani)

February 18, 2011

An act to amend and renumber Section 1760 of, to add a heading to Chapter 1 (commencing with Section 1720) of, and to add Chapter 2 (commencing with Section 1740) to, Part 2 of Division 6 of, the Harbors and Navigation Code, relating to ports.

LEGISLATIVE COUNSEL'S DIGEST

SB 739, as amended, Lowenthal. Ports: congestion relief: air pollution mitigation.

(1) Existing law regulates the operation of ports and harbors. Existing law provides for the formation and organization of port districts.

This bill would require the Ports of Long Beach, Los Angeles, and Oakland, beginning January 1, 2012, to assess their infrastructure and air quality improvement needs, including, but not limited to, projects that improve the efficiency of the movement of cargo, reduce congestion impacts associated with the movement of cargo, and reduce pollution associated with the movement of that cargo.

The bill would require each port to provide this assessment to *specified committees* of the Legislature by July 1, 2012, and to include in the assessment the total costs of the infrastructure and air quality improvements, possible funding options for these projects, and estimated timelines for implementation.

By imposing these additional duties upon the ports, this bill would establish a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. The heading of Chapter 1 (commencing with
2 Section 1720) is added to Part 2 of Division 6 of the Harbors and
3 Navigation Code, immediately preceding Section 1720, to read:

4
5 CHAPTER 1. PORT FACILITY CONSTRUCTION
6

7 SEC. 2. Chapter 2 (commencing with Section 1740) is added
8 to Part 2 of Division 6 of the Harbors and Navigation Code, to
9 read:

10
11 CHAPTER 2. PORT CONGESTION RELIEF AND PORT MITIGATION
12 RELIEF
13

14 1740. The Legislature hereby finds and declares all of the
15 following:

16 (a) The Ports of Long Beach, Los Angeles, and Oakland operate
17 in unique communities, environments, and markets that require
18 infrastructure improvements and air pollution reduction measures
19 tailored to the nature and degree of need in each port of each
20 community.

21 (b) There is a need to mitigate the enormous burden imposed
22 on the highway transportation system serving the Ports of Long
23 Beach, Los Angeles, and Oakland by the overland movement of
24 container cargo shipped to and from those ports.

25 (c) The operations at the ports, including the movement of
26 locomotives, ships, and trucks that move cargo containers to and
27 from the ports, cause air pollution that requires mitigation. This
28 pollution contributes to the thousands of premature deaths and
29 billions of dollars of health costs each year attributable to goods
30 movement pollution in California.

1 1750. (a) Beginning January 1, 2012, the Port of Long Beach
2 shall assess its infrastructure and air quality improvement needs.

3 (b) The port, when assessing infrastructure projects, shall consult
4 with the Southern California Association of Governments on
5 projects that improve the efficiency of cargo movement and reduce
6 congestion impacts associated with the movement of cargo to and
7 from the port through the southern California region. The port
8 shall identify any project lists and provide any updated information
9 for the projects on those lists. In the assessment, the port, at a
10 minimum, shall identify the projects, funding source or possible
11 funding source, and estimated timelines for completion.

12 (c) The port, when assessing air quality projects, shall consult
13 with the South Coast Air Quality Management District on projects
14 that reduce pollution associated with the movement of cargo to
15 and from the port through the southern California region, including,
16 but not limited to, projects that reduce pollution from trucks, cargo
17 handling equipment, locomotives, and ships that move cargo within
18 and to and from the port. The port shall identify any project lists,
19 such as the Goods Movement Emission Reduction Plan or the San
20 Pedro Bay Ports Clean Air Action Plan, and provide updated
21 information for the projects on those lists, where feasible. In the
22 assessment, the port, at a minimum, shall identify the projects,
23 funding source or possible funding source, and estimated timelines
24 for implementation.

25 (d) On or before July 1, 2012, the port shall provide this
26 assessment to the ~~Legislature~~ *Assembly Committee on Natural*
27 *Resources, Assembly Committee on Transportation, Senate*
28 *Committee on Environmental Quality, and Senate Committee on*
29 *Transportation and Housing*. The report shall include, but not be
30 limited to, an assessment of total costs, including updating cost
31 estimates from previous reports or project lists, for the
32 infrastructure and air quality improvements, as well as identifying
33 funding for projects that may have a source of funding and
34 identifying possible funding options for projects without a funding
35 source.

36 (1) The requirement for submitting a report imposed under this
37 subdivision is inoperative on January 1, 2016, pursuant to Section
38 10231.5 of the Government Code.

(2) A report to be submitted pursuant to this subdivision shall be submitted in compliance with Section 9795 of the Government Code.

1760. (a) Beginning January 1, 2012, the Port of Los Angeles shall assess its infrastructure and air quality improvement needs.

(b) The port, when assessing infrastructure projects, shall consult with the Southern California Association of Governments on projects that improve the efficiency of cargo movement and reduce congestion impacts associated with the movement of cargo to and from the port through the southern California region. The port shall identify any project lists and provide any updated information for the projects on those lists. In the assessment, the port, at a minimum, shall identify the projects, funding source or possible funding source, and estimated timelines for completion.

(c) The port, when assessing air quality projects, shall consult with the South Coast Air Quality Management District on projects that reduce pollution associated with the movement of cargo to and from the port through the southern California region, including, but not limited to, projects that reduce pollution from trucks, cargo handling equipment, locomotives, and ships that move cargo within and to and from the port. The port shall identify any project lists, such as the Goods Movement Emission Reduction Plan or the San Pedro Bay Ports Clean Air Action Plan, and provide updated information for the projects on those lists, where feasible. In the assessment, the port, at a minimum, shall identify the projects, funding source or possible funding source, and estimated timelines for implementation.

(d) On or before July 1, 2012, the port shall provide this assessment to the ~~Legislature~~ *Assembly Committee on Natural Resources, Assembly Committee on Transportation, Senate Committee on Environmental Quality, and Senate Committee on Transportation and Housing* and shall include, but not be limited to, an assessment of total costs, including updating cost estimates from previous reports or project lists, for the infrastructure and air quality improvements, as well as identifying funding for projects that may have a source of funding and identifying possible funding options for projects without a funding source.

(1) The requirement for submitting a report imposed under this subdivision is inoperative on July 1, 2016, pursuant to Section 10231.5 of the Government Code.

1 (2) A report to be submitted pursuant to this subdivision shall
2 be submitted in compliance with Section 9795 of the Government
3 Code.

4 1770. (a) Beginning January 1, 2012, the Port of Oakland shall
5 assess its infrastructure and air quality improvement needs.

6 (b) The port, when assessing infrastructure projects, shall consult
7 with the Metropolitan Transportation Commission on projects that
8 improve the efficiency of cargo movement and reduce congestion
9 impacts associated with the movement of cargo to and from the
10 port through the northern California region. The port shall identify
11 any project lists and provide any updated information for the
12 projects on those lists. In the assessment, the port, at a minimum,
13 shall identify the projects, funding source or possible funding
14 source, and estimated timelines for completion.

15 (c) The port, when assessing air quality projects, shall consult
16 with the Bay Area Air Quality Management District on projects
17 that reduce pollution associated with the movement of cargo to
18 and from the port through the northern California region, including,
19 but not limited to, projects that reduce pollution from trucks, cargo
20 handling equipment, locomotives, and ships that move cargo within
21 and to and from the port. The port shall identify any project lists,
22 such as the Goods Movement Emission Reduction Plan, and
23 provide updated information for the projects on those lists, where
24 feasible. In the assessment, the port, at a minimum, shall identify
25 the projects, funding source or possible funding source, and
26 estimated timelines for implementation.

27 (d) On or before July 1, 2012, the port shall provide this
28 assessment to the ~~Legislature~~ *Assembly Committee on Natural*
29 *Resources, Assembly Committee on Transportation, Senate*
30 *Committee on Environmental Quality, and Senate Committee on*
31 *Transportation and Housing*. The report shall include, but not be
32 limited to, an assessment of total costs, including updating cost
33 estimates from previous reports or project lists, for the
34 infrastructure and air quality improvements, as well as identifying
35 funding for projects that may have a source of funding and
36 identifying possible funding options for projects without a funding
37 source.

38 (1) The requirement for submitting a report imposed under this
39 subdivision is inoperative on January 1, 2016, pursuant to Section
40 10231.5 of the Government Code.

(2) A report to be submitted pursuant to this subdivision shall be submitted in compliance with Section 9795 of the Government Code.

SEC. 3. Section 1760 of the Harbors and Navigation Code is amended and renumbered to read:

1730. (a) For purposes of this section, “council” means the California Marine and Intermodal Transportation System Advisory Council, a regional subunit of the Marine Transportation System National Advisory Council chartered by the federal Secretary of Transportation under the Federal Advisory Committee Act (Public Law 92-463).

(b) The council is requested to do all of the following:

(1) Meet, hold public hearings, and compile data on issues that include, but need not be limited to, all of the following:

(A) The projected growth of each maritime port in the state.

(B) The costs and benefits of developing a coordinated state program to obtain federal funding for maritime port growth, security, and congestion relief.

(C) Impacts of maritime port growth on the state’s transportation system.

(D) Air pollution caused by movement of goods through the state’s maritime ports, and proposed methods of mitigating or alleviating that pollution.

(E) Maritime port security, including, but not limited to, training, readiness, certification of port personnel, exercise planning and conduct, and critical marine transportation system infrastructure protection.

(F) A statewide plan for continuing operation of maritime ports in cooperation with the United States Coast Guard, the federal Department of Homeland Security, the California Emergency Management Agency, and the California National Guard, consistent with the state’s emergency management system and the national emergency management system, in the event of a major incident or disruption of port operations in one or more of the state’s maritime ports.

(G) State marine transportation policy, legislation, and planning; regional infrastructure project funding; competitiveness; environmental impacts; port safety and security; and any other matters affecting the marine transportation system of the United States within, or affecting, the state.

1 (2) Identify all state agencies that are involved with the
2 development, planning, or coordination of maritime ports in the
3 state.

4 (3) Identify other states that have a statewide port master plan
5 and determine whether that plan has assisted those states in
6 improving their maritime ports.

7 (4) Compile all information obtained pursuant to paragraphs
8 (1) to (3), inclusive, and submit its findings in a report to the
9 Legislature not later than January 1, 2006. The report should
10 include, but need not be limited to, recommendations on methods
11 to better manage the growth of maritime ports and address the
12 environmental impacts of moving goods through those ports.

13 (c) The activities of the council pursuant to this section shall
14 not be funded with appropriations from the General Fund.

15 SEC. 4. No reimbursement is required by this act pursuant to
16 Section 6 of Article XIII B of the California Constitution because
17 a local agency or school district has the authority to levy service
18 charges, fees, or assessments sufficient to pay for the program or
19 level of service mandated by this act, within the meaning of Section
20 17556 of the Government Code.
